

Supporting expertise in inclusive growth

The **full project title** is "InGRID-2 Integrating Research Infrastructure for European expertise on Inclusive Growth from data to policy".

Project **coordinator** : HIVA – Research Institute for Work and Society KU Leuven

**Inclusive growth** is about growth that generates decent jobs, gives opportunities to all segments of society, especially excluded groups, and distributes the income and non-income gains from prosperity more equally across society.

**Key tools** in this social science research are all types of data: statistics on earnings, administrative social data, labour market data, surveys of quality of life or working conditions, and policy indicators

**Goal:** to contribute to a European policy strategy of inclusive growth

Data forum on 'National working conditions surveys', **CIOP**, 8-9 November 2018

Expert workshop on OSH policy indicators in **CIOP** in June 2020
