# Toolkit test

- Toolkit tested on 3 occasions
  - Test 1: Company donut
    - Group of 6 reps, various sectors (banking, food, organic waste processing, steel, ...)
  - Test 2: Company donut + economic traffic light
    - 1 rep from a company producing materials (e.g. for isolation of houses)
  - Test 3: self-assessment checklists on economic issues
    - Group of 10 reps, various sectors (chemistry, petroleum, care, social workplace, food)

# Test results

- Test 1:
  - No questionnaire but group discussion on company donut
  - Main conclusions:
    - Results match assessment of reps, usable in different sectors
    - Missing: questions on nightwork/shift work, organisation of the workplace itself
    - Purpose of the tool is clear
- Test 2:
  - Questionnaire used
    - Average score for each part
      - Purpose 5/5
      - Comprehensiveness 4.67/5
      - Usefulness 4.75/5

# Test results

- Test 3:
